

**ANNOUNCEMENT OF
LOCATION AND DESIGN CONCEPT
ACCEPTANCE (LDCA)**

**SR 9/I-95 at SR 80/Southern Boulevard Interchange
Palm Beach County, Florida**

Financial Project ID Number: 435516-1-22-02

Efficient Transportation Decision Making (ETDM) Number: 14183

On January 4, 2019, The Florida Department of Transportation (FDOT), pursuant to 23 U.S. C. § 327 and a Memorandum of Understanding dated December 14, 2016, and executed by FHWA and FDOT, granted Location and Design Concept Acceptance (LDCA) for the I-95 at SR 80 / Southern Boulevard Interchange in Palm Beach County, Florida. The Project Development and Environment (PD & E) Study evaluated improvements at the interchange and adjacent intersection areas.

The proposed improvements consist of modifications to the I-95 / SR 80 interchange with improved entrance and exit ramps and widening of the SR 80 roadway and bridge over the I-95 mainline. Direct connect ramps are also proposed in the northbound to westbound, and the eastbound to northbound directions, to optimize safety and traffic operations at the interchange and to provide acceptable traffic levels in the future. Pedestrian and bicycle features are also included in the proposed improvements.

This project will now proceed to the next phase of development. For more information please contact:
